# 2025 RMCET CALENDAR IS UNVEILED!

Maglie, Italy  
October 16th, 2024

Following the success of the first season, WSK Promotion and BRP-Rotax are pleased to announce the 2025 Rotax MAX Challenge Euro Trophy and Rotax MAX Winter Series calendars (pending confirmation by ASN).

The upcoming season will feature a completely revamped calendar, offering new challenges and exciting venues.

A key highlight for 2025 is the RMC Winter Cup, which will be expanded into two separate events for the first time and it changes the name in RMC Winter Series. The first Winter Series round will take place in Cremona in February, with the second following shortly at the end of the March in Viterbo (venues and dates to be confirmed)

Additionally, the 2025 calendar will mark the debut of four new circuits: the Circuito Internazionale Viterbo, the Cremona Circuit, the Steel Ring and the Circuito Internazionale Napoli in Sarno.

These prestigious tracks are set to bring fresh dynamics to the competition and elevate the racing experience for all participants.
